Providing Millennial Feedback

Your millennial voice is unique to your market. ICBA is invested in helping you build new and continuing relationships with your younger demographic. The ICBA Gift given to new members includes 100 completed surveys of your bank's millennial customers (\$2500 value).

How the gift works.....

The custom branded surveys, conducted by Avannis, LLC, will be completed by your bank's customers online or on their smart phone. Survey invitations are sent via an email that appears to have come from your bank president's desk. The short email that assures them their bank cares about their customer experience, and will be branded to match your company website. The email will contain a unique link so the customer never enters information about themselves, but Avannis knows exactly who they are for reporting purposes.

Answering Questions

\$2500
Value

The goal of this gift valued at \$2500 is to help you answer the following questions:

- ✓ What's important to our customers?
- ✓ What will make them stay and refer?
- ✓ Who has upselling potential?
- ✓ Why do they leave, and where are they going?
- ✓ What do they like and dislike about us?
- ✓ Where are our service strengths/weaknesses?
- ✓ What's our Net Promoter Score?
- ✓ What should we invest in?

Sign your ICBA membership today, and then reach out to Avannis to claim your gift!
